Michelle Park-Baamonde

EXPERIENCE

Dec 2021 - Apr 2025

IBM | Associate Design Director, UX Design

Previously: Senior User Experience Designer

Partnered with five clients spanning retail, communications, finance, and healthcare on research, strategy, and design to deliver intuitive digital experiences driven by user insights.

- Collaborated on the end-to-end experience strategy for omnichannel POS tools used across 1,100+ retail locations, resulting in improved employee workflows, reduced transaction time, and increased customer satisfaction.
- Led the Work Order Management product area, driving a full desktop redesign under tight timelines and business constraints, co-created a design system to ensure product consistency and streamline workflows, and coached four junior designers to elevate their craft and autonomy.
- Strengthened client partnerships through design reviews, presentations, and alignment workshops that drove adoption of UX recommendations and accelerated decision-making.
- Established a user research program by designing prototypes, leading two phases of usability testing, and synthesizing insights that shaped product scope and roadmap decisions.

Aug 2020 - Nov 2021

Freelance | Product Designer

- Served as the sole designer driving product direction, flows, and UI for a travel recommendations MVP that launched on the App Store, achieving 1K+ organic downloads in week one.
- Delivered a personalization feature for a fragrance e-commerce website, connecting user scent profiles to curated recommendations and improving product discovery.

Nov 2014 - Sep 2019

IPSY | Brand Partner Solutions Coordinator

Previously: Senior Customer Care Agent, Instagram Lead

- Managed 75+ brand partnerships and led cross-functional coordination with content, e-commerce, and development to launch marketing campaigns and ensure high-quality product merchandising across product pages, email, social, and promotional collateral.
